

Christine Nordenadler

Artist Statement

A long time member of SHAC, Christine appreciates the opportunities provided by the Collective to share, collaborate, and challenge each other's practice. Her work reflects the enjoyment, and sometimes inspiration, she derives from her interaction with the group and her local community.

"Tracking in the Deep" is as much an exploration of fixing upon the horizon when the tracks aren't straight, as it is a challenge, to integrate weaving techniques onto canvas.
